Claims Guidelines

■ What to do in the event of loss or damage which may result in a claim:

1. Always inspect the cargo on arrival.
 - a. If your cargo arrives in a container, ensure that the container and its seals are examined immediately. If the container is delivered damaged or with seals broken, missing or with seals other than that stated in the shipping document, make a note of this on the delivery receipt and retain all defective or incorrect seals and
 - b. Take photographs of the damage wherever possible.
2. Notify the claims agent immediately whose details can be found on your insurance certificate.
3. Notify your broker and/or Liberty International Underwriters (LIU), immediately.
4. To assist in handling your claims a surveyor may be appointed to inspect the cargo and gather information. You are obliged to co-operate with the surveyor to enable the timely settlement of your claim.

■ How to protect your rights (and those of LIU) of recovery against third parties

1. Immediately (or within 3 days at most) lodge a written claim against third parties for any loss or damage. You must do this even if you are unable to fully quantify the loss/damage. This is to preserve yours and LIU's rights of subrogation/recovery against the third party.
